Tri-State Biodiesel Buyers Club Member Agreement

I _____ residing at _____ do hereby wish to join and become a member the Tri-State Biodiesel(TSB) Buyers Club and begin purchasing biodiesel and/or biodiesel blends from TSB as part of this club. I understand that the membership fee is \$20 and that this membership entitles me to a \$20 discount on my first purchase of clean burning, renewable, biodiesel fuel and a free TSB bumper sticker.

I understand that club hours for purchasing biodiesel are on Friday afternoon at Tri-State Biodiesel's site at 531 Barretto Street in the Hunts Point neighborhood in Bronx, NY, between the hours of 6:30 am and 12:30 pm or 3:30 pm and 5:30 pm. TSB reserves the right to change the day, time, and location of the deliveries without prior notice.

I understand that only unblended biodiesel (b99) will be generally available. If I require a blended fuel I will make prior arrangements with the TSB office.

I understand that the price of the fuel will be set by Tri-State Biodiesel. I understand that all invoices must be paid at the time of pickup unless I have an account with TSB. All invoices on open accounts must be paid on Net 10 terms.

I understand that TSB only sells biodiesel made to ASTM standards. I also understand that the use of biodiesel may remove pre-existing sediments and deposits in the fuel tanks and lines of the equipment. This may lead to partial clogging of fuel filters during the first month of use, necessitating fuel filter changes two and four weeks after transitioning to biodiesel or biodiesel blends. I understand that it is my responsibility to have arrangements in place to change fuel filters as necessary and will hold TSB harmless for any problems that may arise out of an early filter-clogging or filter-changing incident. I also understand it is my responsibility to determine if the biodiesel blend requested is compatible with my equipment Original Equipment Manufacturer(OEM) recommendations. I will hold TSB harmless for any damages to equipment that may arise due to blends that are incompatible with OEM recommendations.

I understand that TSB may revoke my membership in the club at any time at the sole discretion of TSB and that, upon revocation, the \$20 membership fee is only refundable if I have not used my \$20 discount on the purchase of biodiesel.

I will indemnify and hold TSB harmless for any incidents that may occur as a result of participating in this club. I realize and understand that TSB responsible or legally liable in any way for my safety or the operation of my vehicle. I will enter TSB's fuel site and use TSB's fuel at my own risk.
