

Restaurant Owners, Take Tri-state Biodiesel's "RESTAURANT GREASE FOR CLEAN AIR" PLEDGE DRIVE

Tri-State Biodiesel, Inc. is the New York City-based, environmentally-driven fuel company that produces clean, renewable biodiesel fuel from waste restaurant grease. Biodiesel fuel is an alternative diesel fuel that burns cleaner and is better for the environment and our health. Sign the pledge now and take advantage of our grease collection services!

Tri-State Biodiesel will provide a professional, reliable, and government- certified grease disposal service.

Tri-State Biodiesel will handle as much grease as you generate with regular monthly or bi-monthly pickups.

Tri-State Biodiesel will provide you with a sealable, clean container should you need one.

Sign up now and TSB will waive all collection costs on waste cooking oil loads of 100 gallons or more. For smaller loads, a service fee of \$25 will be assessed for each pickup, payable via automatic bank draft or credit card charge. TSB will track pickups and provide your business with monthly activity statements.

Your Name * _____
